

Flexi-Hex[®]

Flexi-Hex[®] is **plastic free**, **biodegradable** concertina style honeycomb protector ideal for bottle protection.

The product is a great alternative to polystyrene bottle packs. Flexi-Hex[®] is available for retail and gifting or as an ecommerce pack or shipping.

They arrive flat packed and are easy to assemble, offering storage savings. The product provides high compression resistance and can be printed. MOQs apply.

Made from 100% recycled paper

Water based adhesive

100% plastic free

Biodegradable

- Offers great damage protection
- Sustainable pack, easy to recycle at home
- Quick and easy to assemble
- Small storage footprint

Flexi-Hex[®] Bottle Packaging Kit is an innovative new ecommerce solution for the safe shipping of bottles.

The Kit is comprised of a Flexi-Hex[®] protective sleeve which expands to form an impact resistant protective honeycomb layer around a bottle with a self-sealing pinch top postal box, which further protects by suspending and preventing movement during transit.

Flexi-Hex[®] Ecommerce Packaging Kit comes in one bottle (single), two bottle (double) or three bottle (triple) kits. Flexi-Hex[®] is expandable so works for most bottles shapes and sizes.

Improve your companies environmental credentials. Flexi-Hex[®] is a sustainable solution which equals the high level protection of traditional bottle packaging materials such as polystyrene and polyethylene yet is plastic free, paper based (over 85% recycled paper content, 15% fibres and starch), reusable, recyclable and biodegradable.
